

MIXTIT

UNIVERSAL MIXER

APPLICATION

Professional mixer for tile adhesives, plaster, cement, chalk and paints.

BATTIPAV™

MACCHINE PER EDILIZIA | MACHINES FOR BUILDING

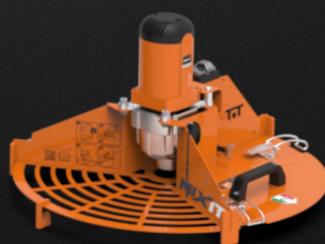

Two speed mechanical gear lever

Material should be poured directly on the steel cover for the correct mixing.

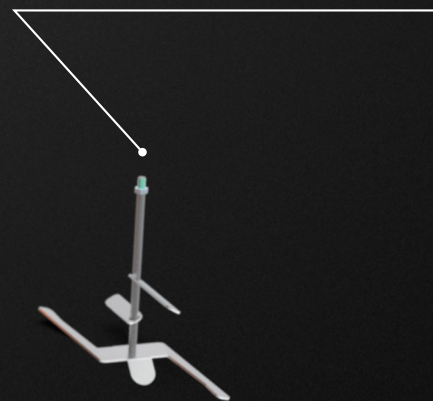

Practical carriage allows to transport easily the full bucket of mixed material on the working site.

SPECIAL WHIP

The whip supplied with the mixer has been designed and tested to mix the most common materials, such as cement, glue for tiles, screeds, premixed plasters, grout for joints.

A safety switch prevents the motor to start when the mixing head is not in the right position.
